

KOTA NAGA SEETHA

WEB DEVELOPER

As a web developer and Java programmer, I fuse creativity with code to build dynamic and efficient solutions. With a fervent enthusiasm for programming, I continually seek to innovate and contribute to cutting-edge projects.

SKILLS

- Programming in Java, Python and C.
- Web technologies: HTML, CSS, Bootstrap and JavaScript.
- Object-oriented programming in Java, Data Structures and Algorithms in Java.
- Problem solving, Communication Skills, Time management.

EDUCATION

Bachelor of Technology in Computer Science and Engineering

VIT-AP University | 2022 - 2026

Schooling (1st to 12th)

Bhashyam Educational Institutions

LANGUAGES

- English - Full working proficiency
- Telugu - Mother tongue
- Hindi - Moderate working proficiency
- German - Elementary working proficiency.

ACHIEVEMENTS

B.Tech CGPA

- secured an impressive 9.85 CGPA in Bachelor of Technology in Computer Science and Engineering.

Programme Representative - CSE Department

- Selected as the Programme Representative for the Computer Science and Engineering department at VIT-AP University.

Academic Excellence - school

- Awarded 5 shields for consistently achieving outstanding performance in academics throughout school.

Ramanujan Math Olympiad

- Recognized with 3 shields and 1 medal for consistently securing the first rank in the annual Ramanujan Math Olympiad, reflecting exceptional proficiency in Mathematics throughout my school years.

EXPERIENCE AND PROJECTS

Intern - Web Development, CodSoft

- Contributed to web development projects like Landing page, Portfolio, Calculator as an intern at CodSoft, gaining hands-on experience in coding, debugging, and implementing solutions.

Hackathon Participation

- Participated in internal hackathon of Smart India Hackathon, developed innovative solutions and presented them to a panel of judges.
- Actively participated in DSA and OOPS based Coding competitions like Code Battle, Code Craft and Techlite and engaged in competitive coding, demonstrating proficiency in algorithmic problem-solving and efficient coding practices.

Clubs and Chapters

Tech Web Team Member at NextGen Cloud club

- Contributed to the development and maintenance of NGC Club's web platform and collaborated within a team to enhance user experience, troubleshoot issues, and optimize website performance.

Design Team Member at English Literary Association

- Utilized creative design skills as a valuable member of the ELA Club's design team, producing visually compelling materials for various literary events.
